Overall Length:

7.120 inches

Overall Height:

2.070 inches

Overall Width:

2.043 inches

End Application:

Ah-64 apache helicopter

Product Name:

Bracket, support-outboard actuator, tail rotor control

Special Features:

Made from -30 forging

Material Specification:

Mfg/cage 8v613, hms 1-1119, al7149-t73 mfr ref single material response

Surface Treatment:

Primer and paint

Surface Treatment Specification:

Mil-c-5541, cl1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
