Mounting Hole Quantity:

3

Mounting Method:

Unthreaded holes

Reversible Feature:

Not included

Knuckle Quantity:

2

Special Features:

Fixed leaf fastens to spraybar mounting flange; strap fastens to manifold loop clamp

Supplementary Features:

Used on fuel manifold for f108-cf-100 engine, kc135r acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
