Tongue Hole Type:

Round, threaded

Overall Width:

0.312 inches

Center To Center Distance Between Loop And Mounting Hole:

0.185 inches

Loop Inside Diameter:

0.346 inches

Application/function:

F110, ge 100 engine

Material:

Steel

Material Specification:

Aisi 410 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
