Diameter:

Between 0.373 inches and 0.374 inches

Length:

Between 0.915 inches and 0.920 inches

Cross-sectional Shape:

Round

Material:

Steel comp 302

Material Specification:

Qq-s-763, class 302 federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Internally threaded full length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900
