Overall Length:
7.370 inches
Center To Center Distance Between Mounting Facilities Parallel To Length:
7.000 inches
Mounting Facility Quantity:
4
Special Features:
2 mounting holes on each side, each pair spaced0.500 in. Apart, parallel to the width
Material:
Aluminum alloy 356.0
Material Specification:
Qq-a-601, t6 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 2, class 1 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A250a0
Mil-std (military Standard):
Mil-a-8625 spec.
