Overall Diameter:

Between 0.985 inches and 1.015 inches

Drive Type:

Serrated

Design Type:

Threaded

Features Provided:

Shoulder

Material:

Aluminum alloy 2011

Material Specification:

Qq-a-225/3, t3 federal specification single material response

Thread Size And Series/type Designator:

0.812-16 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539I0
