Cross Sectional Shape:

Flat

Width:

Between 14.060 inches and 14.080 inches

Edge Shape:

Rectangle, no holes

Length:

Between 10.060 inches and 10.080 inches

Body Thickness:

0.062 inches

Securing Device Type:

Special

Material:

Plastic

Material Specification:

Mil-p-18177, type gee military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0

Mil-std (military Standard):

Mil-p-18177 spec.
