Overall Diameter:

1.217 inches

Design Type:

Friction

Round Cap Outside Surface Condition:

Smooth

Special Features:

Furnished with stnls stl lanyard 6.750 in. Lg

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, t6 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
