Overall Height:

Between 1.0450 inches and 1.0750 inches

First Step Diameter:

Between 3.56650 inches and 3.6850 inches

Bore Diameter:

Between 1.8450 inches and 1.8750 inches

Material Hardness Rating:

Not rated

Design Type:

Solid

Distance From End To First Step:

1.0120 inches

Material:

Steel, sae 1006 or steel, sae 1008 or steel, astm a620

Material:

Steel comp 1006 or steel comp 1008 or steel, astm a620

Material Specification:

Sae 1006 assn standard 1st material response and sae 1008 assn standard 2nd material response

Surface Treatment:

Phosphate

Surface Treatment Specification:

Es 1011-b4 fscm 15564 mfr ref single treatment response

Surface Treatment:

Phosphate, es 1011-b4 fscm 15564

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-e
