Diameter:

Between 0.3743 inches and 0.3744 inches

Length:

Between 1.120 inches and 1.130 inches

Cross-sectional Shape:

Round

Material:

Steel comp 630

Material Specification:

Ams5643 assn standard single material response

Surface Treatment:

Passivate

Style Designator:

Internally threaded full length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900
