Criticality Code Justification:

Zzzy

General Description:

Stainless steel type 420f astm a 582; chrome plate per qq-c-320 class 2a (.0002-.0006 thk); heat treat per mil.H-6875 to 48-52 rc; 1.375-8n-2a diameter threads; 2.430 in. Min, 2.450 in. Maximum lg; 1.030 in. Lg of thds

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
