Width:

29.000 inches

Edge Shape:

Rectangle, rounded corners, multi holes

Length:

21.000 inches

Hole Quantity Along Length:

14

Hole Quantity Along Width:

18

Securing Device Type:

Threaded fastener

End Application:

Aircraft model f-14a

Features Provided:

Sealing capability

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
