End Application:

Aircraft air data recorder retaining plate

Special Features:

Between qradius: 1.150 in. ; height: 2.297 in. ; height: 0.117 in. And 0.122 in. ; width: 0.938 in. ; mounting hole diameter: 0.152 in. And 0.158 in.

Material:

Aluminum alloy

Material Specification:

Qq-a-250/24, t6 federal specification single material response

Surface Treatment:

Anodize

Supplementary Features:

W/4 rivets p/n ms20426ad3 and 2 plate nuts p/n ms21059l04

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09900
