**End Application:**

Transportation and handling

**Control Type:**

Liquid and spring

**Special Features:**

Tube diameter: 2.000 in. ; length: 11.528 in.

**Material:**

Steel comp 630 case

**Material Specification:**

Ams 5643 assn standard single material response arm

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A10600
