Overall Length:

2.750 inches

Overall Height:

0.750 inches

Overall Width:

1.620 inches

Mounting Hole Diameter:

Between 0.212 inches and 0.218 inches

Distance Between Mounting Facility Centers:

1.750 inches

Special Features:

Mounting holes are countersunk 100.0 degrees by 0.405 in. Min to 0.415 in. Max

Material:

Plastic

Material Specification:

L-p-410 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A53510
