Cross Sectional Shape:

Flat

Width:

7.000 inches

Edge Shape:

Band type

Length:

7.200 inches

Body Thickness:

0.071 inches

Securing Device Type:

Special

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 cond t81 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
