Hole Diameter:

0.093 inches

Width:

Between 0.615 inches and 0.635 inches

Overall Height:

0.504 inches

Length:

0.843 inches

Mounting Method:

Unthreaded hole

Smallest Width:

0.250 inches

Material:

Copper alloy

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
