Clamp for torus subassembly on peacekeeper missile, lgm-118a

Material:

Aluminum alloy 7075

**Material Specification:** 

Qq-a-225/9 federal specification single material response or qq-a-250/12 federal specification single material response

**Surface Treatment:** 

Chemical conversion coated

**Surface Treatment Specification:** 

Mil-c-5541, class 3 military specification single treatment response

Shelf Life:

N/a

**Unit Of Measure:** 

**Demilitarization:** 

No

Fiig:

A12700

Mil-std (military Standard):

Mil-c-5541 spec.
