Securing Device Type:

Threaded fastener

Material:

Aluminum alloy

Material Specification:

Qq-a-250113, cond t6 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Ps13201, type 2, class 1 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
