Slot Width:

Between 0.620 inches and 0.690 inches

Slot Length:

0.406 inches

Width:

2.000 inches

Material Thickness:

0.1196 inches

Length:

2.7396 inches

Mounting Method:

Unthreaded hole

Loop Opening Width:

1.130 inches

Loop/holding Dimension:

1.130 inches

Material:

Steel comp 1009 or steel

Material Specification:

Astm a366 assn standard 1st material response or astm a569 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
