Mounting Hole Quantity:

13

Mounting Hole Type:

Counterbored

End Application:

Combat talon 2

Product Name:

Orig dwg name-retainer, outer elevation

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-c-5541 cl3 military specification 1st treatment response and mil-a-8625 type 3 class 1 military specification 2nd treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
