Hole Diameter:

Between 0.196 inches and 0.201 inches

Overall Width:

0.469 inches

End Radius:

0.281 inches

Overall Diameter:

0.562 inches

Fork Span Width:

0.219 inches

Rod Connection Bore Diameter:

Between 0.374 inches and 0.376 inches

Rod Connection Bore Depth:

0.469 inches

Distance From Pivot Pinhole Center To Rod Connection End:

1.031 inches

Fork Arm Thickness:

0.090 inches

Fork Depth:

0.750 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t351 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 1 military specification single treatment response

Style Designator:

Clevis

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A264a0

Mil-std (military Standard):

Mil-a-8625 spec.
