Overall Length:

4.890 inches

Handle Clearance:

1.094 inches

Special Features:

Tubular construction w/reinforcement insert; one mtg hole 0.097 in. Min 0.102 in. Maximum dia; one mtg leg w/10.0 degree offset other leg w/30.0 degrees offset; both legs flattened; tube diameter 0.375 in.

Material:

Aluminum alloy 2024

Material Specification:

Ww-t-700/3, t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0
