Width:

1.640 inches

Overall Height:

1.500 inches

Material Thickness:

0.010 inches

Length:

0.500 inches

Mounting Method:

Unthreaded hole

Material:

Copper alloy 172

Material Specification:

Qq-c-533, alloy 172 federal specification single material response

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
