**Width:**

1.640 inches

**Overall Height:**

1.500 inches

**Material Thickness:**

0.010 inches

**Length:**

0.500 inches

**Mounting Method:**

Unthreaded hole

**Material:**

Copper alloy 172

**Material Specification:**

Qq-c-533, alloy 172 federal specification single material response

**Surface Treatment:**

Cadmium and chromate

**Surface Treatment Specification:**

Qq-p-416, type 2, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03100
