Cross Sectional Shape:

Flat w/open center

Width:

30.000 inches

Edge Shape:

Rectangle, multi holes

Length:

48.000 inches

Body Thickness:

0.014 inches

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Material:

Steel

Material Specification:

Mms-544, type 2, cagec 76301 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
