Hole Diameter:

Between 0.166 inches and 0.171 inches

Body Thickness:

0.047 inches

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Features Provided:

Special marking

Special Features:

Color green; furnished w/seven bonded shims

Material:

Plastic abs

Material Specification:

G-4003, caged 26512 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
