Overall Length:

13.100 inches

Overall Width:

7.700 inches

Material Thickness:

0.500 inches

Hole Quantity:

6

Special Features:

Mounting holes with helical coil inserts

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t651 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-f-14072, e512 military specification single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-f-14072 spec.
