Cross Sectional Shape:

Arched

Width:

7.880 inches

Length:

7.240 inches

Body Thickness:

0.125 inches

Securing Device Type:

Special

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531n0
