Cross Sectional Shape:

Arched

Inside Corner Radius:

5.000 inches

Body Thickness:

0.090 inches

End Application:

Counter measure set dlq-3c

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, cond t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
