Criticality Code Justification:

Zzzy

Material:

Aluminum alloy 5086

Material Specification:

Qq-a-250 federal specification single material response

Style Designator:

Adjacent angles

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
