Overall Diameter:

3.312 inches

Design Type:

Threaded

Inside Diameter Length:

1.000 inches

Round Cap Outside Surface Condition:

Knurled

Material:

Aluminum alloy

Material Specification:

Qq-a-225/8, t651 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 3, class 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0

Mil-std (military Standard):

Mil-a-8625 spec.
