Dust And Moisture Seal Protective Cap - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5340-01-269-4887

Overall Diameter:
2.137 inches

Design Type:
Threaded
Inside Diameter Length:
1.410 inches

Round Cap Outside Surface Condition:
Knurled

Material:

Material Specification:

Qq-a-225/8, t651 federal specification single material response

Surface Treatment:

Aluminum alloy

Anodize

Surface Treatment Specification:

Mil-a-8625, type 3, class 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0

Mil-std (military Standard):

Mil-a-8625 spec.
