Overall Length:

4.500 inches

Overall Width:

2.000 inches

Material Thickness:

0.190 inches

Mounting Hole Diameter:

0.188 inches

End Application:

2350-01-248-7620

Hole Quantity:

2

Special Features:

All corners are champered; top two are 0.12 x 45 deg.; bottom two are 0.50x 45 deg.; 1 center hole 0.625 dia

Material:

Aluminum alloy 5083

Material Specification:

Qq-a-250/6 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
