Product Name:

Cover power supply

Special Features:

.156 diameter, .188 staggered centers, 33 holes per square inch 63 percent open area

Material Specification:

Mil-std-454 military standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0

Mil-std (military Standard):

Mil-std-454 spec.
