Diameter:

Between 0.308 inches and 0.318 inches

Length:

Between 0.620 inches and 0.630 inches

Cross-sectional Shape:

Round

Material:

Steel comp 303

Material Specification:

Qq-s-763, class 303 federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Internally threaded full length

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A08900
