End Application:

Trans handling system

Special Features:

W length 5.390 inches; width 7.500 inches; height 2.250 inches; contains 2 holes with 0.375 inch to 0.379 inch diameter; contains 2 holes with 0.755 inch to 0.765 inch diameter

Material:

Steel comp 4340

Material Specification:

Ams 6359 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
