Overall Length:

2.000 inches

Overall Width:

0.400 inches

Material Thickness:

Between 0.037 inches and 0.043 inches

Mounting Hole Diameter:

0.150 inches

Mounting Hole Type:

Plain

Hole Quantity:

8

Special Features:

Includes two spacer sleeves located one on each end, soldered through 0.217 in. Min and 0.221 in. Maximum diameter holes; one additional hole 0.036 in. Dia; one end chamfered 0.125 in. By 0.125 in.

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 h32 federal specification single material response

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727 type 1 military specification single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-t-10727 spec.
