**Overall Length:**

2.000 inches

**Overall Width:**

0.400 inches

**Material Thickness:**

Between 0.037 inches and 0.043 inches

**Mounting Hole Diameter:**

0.150 inches

**Mounting Hole Type:**

Plain

**Hole Quantity:**

8

**Special Features:**

Includes two spacer sleeves located one on each end, soldered through 0.217 in. Min and 0.221 in. Maximum diameter holes; one additional hole 0.036 in. Dia; one end chamfered 0.125 in. By 0.125 in.

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8 h32 federal specification single material response

**Surface Treatment:**

Tin

**Surface Treatment Specification:**

Mil-t-10727 type 1 military specification single treatment response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0

**Mil-std (military Standard):**

Mil-t-10727 spec.
