Hole Diameter:

Between 0.198 inches and 0.204 inches

Width:

1.320 inches

Material Thickness:

0.032 inches

Length:

3.250 inches

Mounting Method:

Dimpled hole

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
