**End Application:**

P/n 7587209; b-1b

**Usage Design:**

For holding the spring in place on the bypass valve

**Special Features:**

1.062 in. Lg; 0.750 in. Diameter flange; 0.575 in. Dia, other end; 0.191 in. Diameter inside dia

**Material:**

Aluminum alloy

**Material:**

Aluminum alloy

**Surface Treatment:**

Anodize

**Surface Treatment:**

Anodized

**Fsc Application Data:**

Fuel system, cooling loop, filter assembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T08100
