End Application:

P/n 7587209; b-1b

Usage Design:

For holding the spring in place on the bypass valve

Special Features:

1.062 in. Lg; 0.750 in. Diameter flange; 0.575 in. Dia, other end; 0.191 in. Diameter inside dia

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Fsc Application Data:

Fuel system, cooling loop, filter assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T08100
