End Application:
P/n 7587209; b-1b
Usage Design:
For holding the spring in place on the bypass valve
Special Features:
1.062 in. Lg; 0.750 in. Diameter flange; 0.575 in. Dia, other end; 0.191 in. Diameter inside dia
Material:
Aluminum alloy
Material:
Aluminum alloy
Surface Treatment:
Anodize
Surface Treatment:
Anodized
Fsc Application Data:
Fuel system, cooling loop, filter assembly
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T08100
