Hole Diameter:

Between 0.104 inches and 0.114 inches

Width:

0.400 inches

Overall Height:

0.145 inches

Material Thickness:

0.020 inches

Length:

1.940 inches

Mounting Method:

Unthreaded hole

Distance From End To Hole Nearest Loop:

0.660 inches

Surface Treatment:

Nickel

Surface Treatment Specification:

Qq-n-290, class 1, grade d federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
