Tube Outside Diameter For Which Designed:
0.625 inches
Overall Diameter:
1.670 inches
Design Type:
Friction
Round Cap Outside Surface Condition:
Serrated
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-225/6, alloy 2024, t4 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A539k0
