**Overall Length:**

65.000 inches

**Overall Width:**

4.000 inches

**Material Thickness:**

0.120 inches

**Mounting Hole Diameter:**

Between 0.186 inches and 0.192 inches

**Mounting Hole Type:**

Countersunk

**Hole Quantity:**

10

**Special Features:**

Holes equally spaced 15.000 in. Along lg fm hole centers; 2.000 in. Distance fm hole centers along w; holes countersunk 100.0 degrees to 0.365 in. Min 0.385 in. Maximum dia

**Material:**

Steel comp 304

**Material Specification:**

Qq-s-766, cond a federal specification single material response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0
