Overall Length:

2.000 inches

Overall Height:

2.600 inches

Overall Width:

3.250 inches

Mounting Hole Type:

Plain

Base Thickness:

0.100 inches

Leg Thickness:

0.160 inches

Hole Quantity:

8

Angle:

90.0 degrees

Distance From End To Leg Along Length:

0.920 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/16 t6 federal specification single material response or qq-a-200/8 t6 federal specification single material response

Style Designator:

Center projection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
