Hole Diameter:

0.296 inches

Length:

2.830 inches

Body Thickness:

0.062 inches

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Special Features:

Hoole 0.531 in. Dia

Material:

Aluminum alloy 6061

Material Specification:

Ams 4025, temper oo assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
