End Application:

P/n 7542654, 6, 7, or 9; b-1b ose45a52c

Design Type:

Friction

Round Cap Outside Surface Condition:

Knurled

Special Features:

Has a ferrule and cable, 0.040 inch diameter x 21 in. Long, attached

Material:

Aluminum alloy

Material Specification:

Qq-a-225/6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539k0
