Casehardening Indicator:

Not casehardened

Flange Diameter:

3.000 inches

Flange Thickness:

0.325 inches

Overall Height:

0.937 inches

Body Outside Diameter:

2.750 inches

Body Inside Diameter:

2.062 inches

Special Features:

2.750-16 un-3a or 2.750-16n-3 threaded body outside below flange

Material:

Steel, astm a108, grade 1020

Material:

Steel comp 1020

Material Specification:

Astm a108, grade 1020 assn standard single material response

Surface Treatment:

Phosphate manganese

Surface Treatment Specification:

Dod-p-16232, type 1 def stan/spec single treatment response

Style Designator:

Parallel

Surface Treatment:

Phospate, dod-p-16232, type 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T319-a
